Dear Mr. Rowert:

Attached are the Charge Master Description, a list of 25 commonly charged outpatient procedures and a summary of the percent change in gross revenue as required by AB 1627/1045. The prices on the first two reports reflect the prices as of June 1, 2013.

The majority of the items in the Charge Description Master have a fixed price. However the price of certain items may vary dependent upon how the item is administered (such as pharmaceuticals) and if the price is dependent upon the cost of the item (medical supplies, implants, prosthetics, laboratory send-out tests, blood and pharmaceuticals). These prices are subject to change due to new technology, added or eliminated services, goods and/or procedures, changes made by manufactures and vendors, etc.

Please let me know if you have any questions regarding our submissions.

Sincerely,

Frank Hirano
VP Finance
